Convenient access to all levels

For commercial, outdoor or indoor use, Symmetry Vertical Platform Lifts (VPLs) help eliminate the barrier that stairs may present for people with limited mobility. VPLs provide convenient access without compromising architectural character. Designed and manufactured to comply with the applicable requirements in ICC A117.1, ASME A18.1 and NFPA 70.

Standard Features
- Rated Capacity: 750 lbs.
- Speed: 10–20 fpm [see drive options for details]
- Lifting Height: Up to 60"
- Steel construction with powder-coated finish
- A.W.A.R.E. system [Active Wiring, Accessories, Relay and Electronics Diagnosis]*
- Constant-pressure up/down control switch installed on the platform
- Constant-pressure control station provided at each landing
- Manual lowering device
- Warranty: Four-year limited parts

Safety Features
- Grab rail
- Non–skid platform surface [Black]
- Obstruction safety panel under platform
- Alarm and emergency stop switch
- Landing interlocks keep doors closed/locked when the platform is at another landing
